Elementary Athletes Now In Full Swing

An event of growing interest and importance to young athletes and sport enthusiasts of the Campbell area is the basketball tournament of the new Elementary Athletic League now in full swing at the Campbell High School gymnasium every Monday night from 7 to 9 p. m.

Teams of the new league, from five elementary schools of the high school district, are playing out a round robin tournament with six games each evening. League Director Bob Landreth reports 120 players participating and about 300 student and parent spectators.

Tournament runs through March 9, and will be followed by a post-season elimination tournament on March 13 and 14 sponsored by Campbell Kiwanis Club. Schools in the league are Union, Cambrian, Moreland, Burbank and Campbell.

The league was organized a few months ago through cooperative efforts of the elementary schools involved, Campbell High School, Campbell Recreation Commission and Campbell Kiwanis Club.

Besides the aim of providing healthful recreation, and development of bodily skills in the give and take of team play, league organizers are also interested in promoting good relationships between the elementary schools of the high school district.

"The league," Landreth said, gives the players and student bodies of the district schools a chance to get together and know one another."

Formerly, local schools had participated in a county league, competing against unfamiliar schools in more distant parts of the county.

Good sportsmanship and citizenship are another aim of league play. Teams have framed their own codes of sportsmanship and citizenship governing their action while participating in league activities, and players in good standing hold membership cards in the league.

Landreth issued a cordial invitation to students, parents and other interested members of the community to come and watch the games.

Orchard Grange Hosts Visiting Masters Tuesday

Orchard City Grange had many visitors from seven different granges at their regular meeting, Feb. 10. PROCLAMATION

WHEREAS, the Community of Campbell, in memory of, and as a special tribute to its pioneers has for many years sponsored and promoted "Old Settlers Day," and

WHEREAS, with the founding of City of Campbell as a self-governing municipal corporation, the observance and celebration of "Old Settlers Day" takes on added meaning and becomes a greater testimonial to the confidence and courage of its founding pioneers, and to the faith and devotion of the citizens of the community in bringing about its development into a city,

NOW THEREFORE, I as the first Mayor of City of Campbell, and with the concurrence of all of the members of the City Council and administration, do with considerable pride, and mindful of the privilege afforded me, proclaim Monday, February 23, 1953, as "Old Settlers Day," and urge and exhort all committees, associations, clubs, lodges, and churches to cooperate in making the observance a signal success.

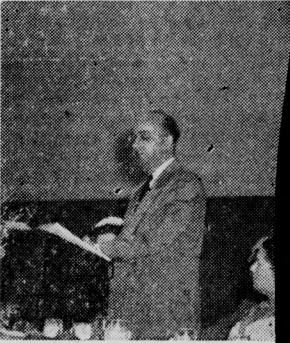

DATED: February 6, 1953.
RICHARD W. MORTON,
Mayor, City of Campbell.

LOCAL DOCTORS ASSIST IN HEART FUND DRIVE HERE

The annual Heart Fund drive was launched in the Campbell area this week under the leadership of Mrs. Winona Clark.

In addition to a direct mail solicitation, the Campbell campaign features plastic heart coin containers and display posters in the downtown district. Thomas P. McNiff, M. D. and J. Frederick Snyder, M. D., Campbell physicians, both directors of the Santa Clara County Heart Association, are assisting Mrs. Clark in developing the local drive.

This is American Heart Week which concludes on St. Valentine's Day and through symbolism call attention to the campaign slogan "New Hope For Hearts" and "Help Your Heart Fund—He Your Heart."

Mrs. Clark emphasized that 70 per cent of the money raised in this county remains here for use on research and education. Of the other 30 per cent, 12½ per cent goes directly into national research, 12½ per cent finances the American Heart Association's educational program, and 5 per cent goes to the California Heart Association.

"Diseases of the heart and circulation are the prime cause of death and disability in the United States, but the progress being made in fighting these diseases is a source of hope to the estimated 10,000,000 Americans, including 500,000 children, who are suffering from these disorders," Mrs. Clark said. She outlined the following five basic facts which the public should know about heart disease:

1. Some forms of heart disease can be prevented; a few can be cured.
2. All heart cases can be cared for best if diagnosed early.
3. Almost every heart condition can be helped by proper treatment.
4. Most heart patients can keep on working, very often at the same job.
5. "Symptoms" may or may not mean heart disease. Worry and guesswork should be eliminated by consulting a physician.

Dr. A. J. Monty, San Jose heart specialist, is president of the County Heart Association and Fred J. Fletcher is county campaign chairman. Persons willing to assist the heart program are asked to mail their contributions to the Association headquarters, 278 North Second Street, San Jose.

Funeral services are pending at John Dowdle Mortuary, in San Jose, and will be conducted Friday February 13, at 2 p. m.

Mr. Morton was married to the former Gladys L. Helyer, a native of Los Gatos in 1915. The couple had lived in Campbell ever since.

Mr. Morton was, until his retirement owner and operator of Campbell Lumber Company. His father operated the establishment prior to Mr. Morton's management.

Funeral services are pending at John Dowdle Mortuary, in San Jose, and will be conducted Friday February 13, at 2 p. m.

Mail deliveries in the Campbell area will arrive thirty minutes earlier than usual starting this week, Campbell Postmaster Ira Grim announced.

Due to earlier arrival of Highway Postoffice from San Francisco which in the past arrived in Campbell at 9 a. m. and which now arrives at 8:30 a. m. local carriers will start their rounds at 9:30 a. m. instead of the usual starting time of 10 a. m., Grim said.

EAST MEETS WEST—Gwen, Janice, and Susan Nomura, all Campbell girls, are shown in the native Japanese dress they will wear in the forthcoming Old Settlers' Day stage show at Campbell High School the evening of February 23. Japanese dance is the first number on a program which will include a play on the life of Irving Berlin and other acts and skits, staged by local talent.

Plan Commission To Hold Hearing

Public hearings on zoning matters will be heard by Campbell's new seven member planning commission, by April 1, Nestor Barrett, city planning consultant to City Council told city council at Monday's meeting.

Barrett said city planning commission should submit a master zoning ordinance for council's approval following their regular meeting of March fifth. City presently operates under an inter-zoning ordinance until such time as Master Zone plan is submitted.

Following adoption of the master plan commission will hold public hearings on zoning matters, but final granting or denial will rest with the council.

A special meeting of the commission will be held next Thursday, February 19, Barrett said, at which time zoning ordinances in general will be studied.

Commission also plans a field trip through the city to study actual uses of land, in relation to existing and proposed uses as shown on map.

SALARY IS VOTED FOR THIRD OFFICER

Campbell will have a new policeman by the first of March, but he hasn't been selected as yet. He will make \$300 a month to start, it was decided at Council meeting Monday night, with five \$10 raises to a maximum of \$350.

Applications for the third member of the force which presently consists of Officer Robert J. Locke and Louis Doolittle have been coming in to city clerk Dorothy P. Treveethan and it is expected that a meeting of the police commission consisting of Mayor Richard W. Morton, Joseph V. Gomes, and James B. Arends Jr., will be called to screen candidates, in the near future.

One-hundred seventy-two candidates successfully completed the examination in November and an additional 222 completed part of examination.

Of that membership, the most vital and active to the children are the "Play Ladies" who go regularly each week to the hospital, bringing the children toys to play with from the well-stocked play closet which the Guild maintains, reading stories, playing games with the children, taking them out in a wheel chair, playing records for them, and all the other pleasant diversions which a smiling, interested person can bring to a convalescent child to help him pass the hours quickly and happily. Always the Play Ladies are welcomed joyously by the children, and warmly by the staff. All the Play Ladies consider it a great privilege to serve in this capacity, and

Washable Woolens Delight Eye and Pocketbook

BY EDNA MILES

IN this age of miracle fabrics, women are beginning to expect a truly remarkable performance from nearly any fashion they buy. In woolens, it's the washable wools that are making fashion news.

These new soap-and-water sanforlan woolens will not shrink out of their original fit and therefore, need no blocking or stretching. The wool will not mat or felt, washes easier and faster, looks softer and has a more "downy" feel after washing.

All of this means greater convenience and less work for the lady of the house. It also means a saving in dry cleaning bills and this, of course, is reflected in the budget.

Washable woolens are now done in stripes, checks, plaids and in both dark and pastel solid colors. They're sold by the yard for home sewers or in ready-to-wear fashions, many of the latter are ideally suited to the active life of a housewife.

One New York sportswear house has done a whole group of jerseys in blouses and skirts that are dressy but simple enough for home washing. Blouses are coordinated with accordion pleated, pleated, or unpressed pleated skirts.

Decorative snap closing is used on wing sleeves by designer Carol Caldwell. Flannel blouse un-snaps and opens flat for ease in washing and pressing. Skirt and jacket are of sanforlan flannel.

Hip-hugger midgy jacket is used to top a tulip-flared skirt in this interesting design. Fabric is sanforlan wool flannel, and is completely washable. Above all it will not shrink out of fit.

Troop 30 Marks Boy Scout Week

San Tomas Boy Scout Troop 30 celebrated Boy Scout Week by inaugurating a new system of Scout parent meetings, the first of which was held on the evening of February 9th at San Tomas School. In the future, the troop plans, both parents will take an active part in the program, whereas in the past only the fathers of the scouts have participated.

The meeting was conducted by Scoutmaster Harry Hunter and Eric Schuartz, chairman of the Troop Committee.

Mr. Schuartz opened the meeting with a talk on the problems of scout leaders and explained why close cooperation is necessary in order that boys may derive full benefit from the scout program.

Mr. Hunter portrayed a "tenderfoot scout" carrying complete equipment on his pack frame, showing how a boy can become confused and select superfluous or bulky equipment for pack trips. He then demonstrated proper equipment and packing, explaining each item and stressing warmth, lightness and economy.

The scoutmaster outlined the trips the troop will make during the coming season, including a six-day pack trip into the primitive area of the High Sierras near the Sonora Pass. On this trip all equipment will be carried by the boys, who will leave Derdenelles and proceed by way of Kennedy Meadows along the Stanislaus River to Kennedy Lake, Emigrant Grade, through the Lewis Lakes Region and back to the starting point. Mr. Hunter stated that this will be an "adventure trail hike" and not an endurance test. Distance and speed will be set by the smallest boy, and no one will carry more than one fourth of his weight in his pack. Fathers of scouts were invited to share this experience with their sons.

It was announced that Gus Standish, who has done invaluable work on the scout committee, will become the advisor of the explorer scouts and lead the senior scout program.

The junior staff, consisting of the explorer scouts, served samples of the dehydrated food so the parents might know what their sons will eat on the prospective hikes.

To close the meeting Mr. Hunter read an article on father and son fellowship.

Money received in the offering on this day will be sent to the National Conference of Church Women for distribution. CONSTRUCTION OF CAMBRIAN PARK METHODIST CHURCH TO START FEB. 16 AT CORNER OF WYRICK & GUNSTAN

Contract for first unit of projected \$400,000 Cambrian Park Methodist Church, corner of Wyrick and Gunstan Way, Cambrian Park has been let to Don Matthews, San Jose contractor, Miss Dorothy Gleason, pastor announced this week.

Construction of first unit, consisting of Fellowship hall, stage, offices and pastor's study to cost \$45,000 is expected to begin February 16, according to Leonard Detrick, chairman of building commission.

Plans by Vern Cornish, San Jose designer, call for church building with 400-seating capacity, an 80 seat chapel, a library and board rooms, classrooms and necessary storage and maintenance facilities. Ample room on the three acre site donated by Cambrian builders will be provided for a Social Hall, kitchen, playground, parking and landscaping, church officials said.

Church construction was made possible as a result of cooperative planning by 13 denominations constituting comity arrangements of northern California-Nevada Council of Churches.

Project started in December, 1951 and has progressed from the purchase at 14905 Leigh Ave. of a church parsonage used as a meeting place, through inauguration of Sunday School in March, 1952, through organizational meetings and charter membership and formation of Boards and committees, until present realization of building plans.

Size and facilities of the proposed Church buildings followed a statistical study from a two-mile radius from the proposed church, based on the number of homes, projected increase, number of children, their ages, together with estimates, for the future, proportion who are protestant, and the number that could be expected to be interested in the church and community.

A large part of the building program will be possible, Miss Gleason said, only by donations of time, labor and materials. Current plans of building commission include recruitment of a volunteer part time labor force.

Already Mr. and Mrs. Paul Schaeffer of Cambrian Builders have offered to donate the equipment for a play area that is being planned as a part of the church program.

Of the total cost of \$45,000 for this first unit, church officials said, \$7,000 will be forthcoming in the form of gifts. \$3,000 will come from Conference Board of Missions, and a \$10,000 loan has been negotiated.

An expected \$25,000 will come in the form of parishioner donations in the Crusade presently being conducted.

Cambrian Club Gives Magic Show

The Cambrian Men's Club will present a variety show by outstanding professional performers on Saturday evening, February 14th, in the Campbell Union High School auditorium. The curtain will rise at 8 p.m.

The "Dizzy Professor" will swing the show from the occult to the zany, and his appearance guarantees laughs. The Travelers, winners of the State Barbershop Quartet Contest in 1951, who have appeared in Yosemite area programs for the last two years and have also been booked at the Hotel Claremont and St. Francis Hotel, will present old-time songs. This stellar quartet was formed while its members were students at San Jose State College.

Does Your Assemblyman

Represent
Lobbyists
Special Interests
Democrats
Republicans

or YOU?

By Patrick H. Peabody

Your primary contact with state government is the assemblyman who represents you at Sacramento.

The day your assemblyman votes only as a Democrat or Republican he fails in his responsibility to you, because the problems facing California are not partisan and political. They are largely problems of growth.

I decided to seek the office of Assemblyman in the 28th District only when I was assured that a substantial number of citizens of both parties would support my candidacy.

This is the basic idea which I invite you to support — that the 28th District needs a representative who will do what is best for California and for all the people in his district. I believe that every special interest has a right to his attention, but only the general interest has a right to his vote.

If this is also your idea of the assemblyman's job, together we can see that the 28th District is honestly and fairly represented.

HOW TO HELP
If you would like to join other independent voters who believe Patrick H. Peabody is the answer to non-partisan representation for the 28th Assembly District, volunteer your services today at the headquarters of the Independent Committee for Patrick H. Peabody, 167 West Santa Clara Street, San Jose.
